RONGOWHAKAATA IWI TRUST

HUI-Ā-IWI ASSETS TOUR

With a lens of where we have been (onamata), where we are today (inamata), we want to begin discussing what a 100-year investment plan might look like (anamata). Today, we will look at some of our tangible assets, their intangible values, and strategically think about the careful growth of our assets to build our Rongowhakaata Economy.

ACKNOWLEDGEMENTS

A special thank you goes to Riko-Raymond, Kohi-Mason, and Korey-Paige for their storytelling skills that have brought our podcast to life and also to Matahi Whakataka-Brightwell for generously sharing his whānau kōrero.

TAKI WĀNANGA & KAI

TAKI WĀNANGA QUESTIONS

POU TUARONGO - TAIAO AND NATURAL ENVIRONMENTS

All aspects of the natural world are interconnected and move in cycles alongside humankind to grow spiritual, cultural and economic abundance.

What areas of Mātauranga do you see we need that you are able to contribute to or lead?

POU TOKOMANAWA – RONGOWHAKAATATANGA, RANGATIRATANGA, CULTURAL CAPITAL AND HUMAN CAPABILITY

People are vital and capable when they are connected to their identity.

Your input is important! We think that smaller, consistent, in-person engagements help us to learn from each other, what do you think?

POU TAHU - TŪRANGA WAEWAE PĀKURA, TE HAU KI TŪRANGA, FINANCIAL & PHYSICAL CAPITAL

All our human made assets – both tangible and intangible – are connected and aligned with our values.

Prior to 1865 Rongowhakaata had full control over the resources, what is a thriving Rongowhakaata economy, what components do you think are necessary? (What is missing/other opportunities/gaps?)

POU AWAHA - SOCIAL COHESION THROUGH KAWA

Rongowhakaata kawa distinguishes individuals in a 'mana ki te mana' way.

Our Rongowhakaata ancestors moved as leader, protestors and with mana, how do we as future Rongowhakaata ancestors model that today?
